

A large, bright sun setting over a body of water, with silhouettes of birds in the foreground. The sun is a large, glowing orb in the upper center, casting a warm orange and yellow light across the sky and water. The water is calm, reflecting the sun and the silhouettes of the birds. In the foreground, there are four birds: two on the left and two on the right. The birds on the left are standing close together, while the two on the right are standing further apart. The overall scene is peaceful and serene.
